

WANLESS RECYCLING PARK

Creating a better environment

Introduction

Wanless Waste Management invites you to a drop-in community information session, on either Thursday 5th December or Saturday 7th December (details overleaf). Wanless Recycling Park, a subsidiary of Wanless Waste Management, is currently preparing a development application to submit to Ipswich City Council, for a resource recovery, recycling and landfill precinct.

The site is located at 304 Coopers Road & 350 Coopers Road in Ebenezer, approximately 12 km southwest of Ipswich, Queensland.

During November and early December 2019, Wanless is seeking to engage with key stakeholder groups and interested residents to provide preliminary information on the proposal.

What is the Wanless Recycling Park?

Wanless Recycling Park will be a world-class resource recovery facility to address emerging issues in the South East Queensland (SEQ) waste industry.

Wanless Recycling Park will accept household; commercial and industrial; and demolition and construction waste from businesses and areas where it knows it can recover the most recyclable material. This integrated facility will focus on recovery and reuse. It will also include a landfill element for residual waste.

Who is Wanless

Wanless Waste Management is a family-owned and operated business. The Wanless family started automotive and metal recycling in the Ipswich region in the late 1950s, long before recycling was a priority. Now an industry leader, the company uses its vast experience in resource recovery to reduce the amount of waste going to landfill. Wanless owns the site where the Wanless Recycling Park is proposed.

FAST RECYCLING FACTS

Recycling 1
tonne of paper
saves **13 trees**

The energy saved by recycling
a **can of aluminium** can power
a TV for up to **three hours**

The energy saved by recycling
1 plastic bottle can power a
computer for **25 minutes**

Drop-in Community Information Sessions

The information sessions will offer preliminary information on the proposed development of the Wanless Recycling Park in Ebenezer. Representatives from Wanless and key consultants will be available to discuss the proposed development.

These drop-in sessions are part of pre-lodgement engagement. Interested parties will have further opportunity to view details of the application once lodged.

Please note there will be no formal presentation or meeting throughout either session, so you are free to arrive at any time during the sessions. Both sessions will provide the same information and offer an opportunity for you to hear about the proposed development.

To help ensure we adequately resource the information sessions, we would appreciate your RSVP to the Eventbrite address provided below so we can assess numbers.

Session 1

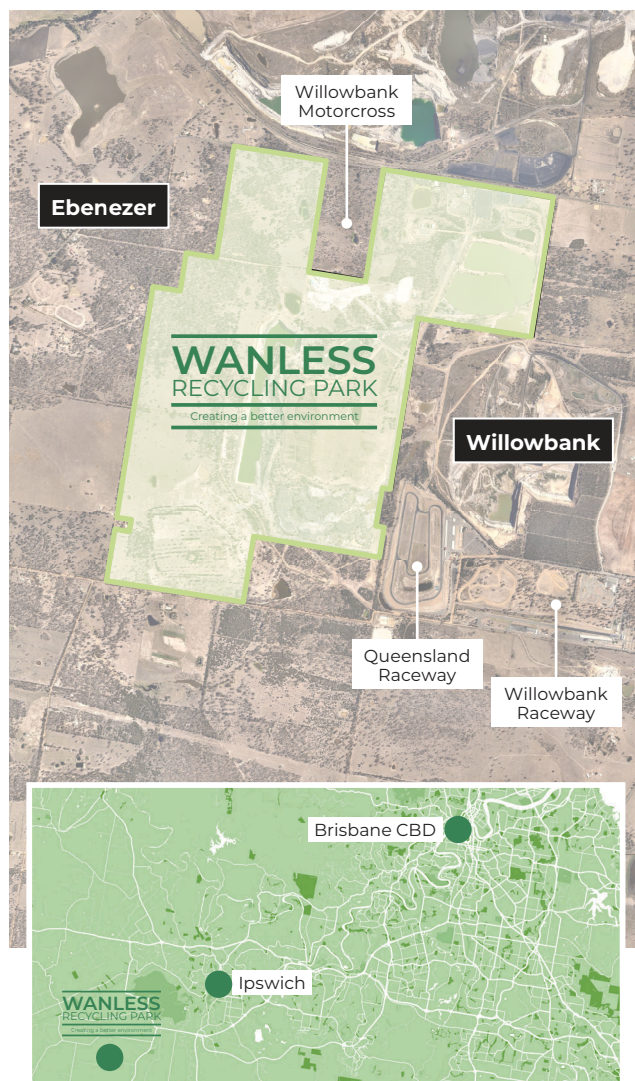

Thursday 5th December. 5:00pm – 7:00pm

Session 2

Saturday 7th December. 10:00am – 12:00pm

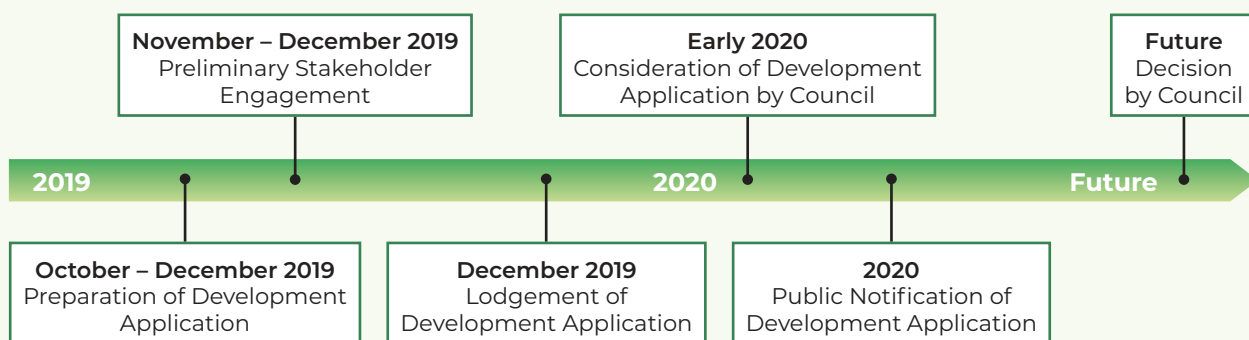

Session Location: Rosewood State High School Hall,
46 Lanefield Road, Rosewood

RSVP: www.eventbrite.com.au/e/wanless-recycling-park-community-information-sessions-tickets-82771310217

Project Timeline

(estimated timeframes - subject to change)
